Our Story

Tucky's... more than just a hotdog!

Our founder, Tuck Axelrod, was born in Cleveland, OH and into a family with 70 years of concessions business. Tuck has been traveling the country for decades serving stadiums, auto racing, golf tournaments, concerts and air shows. His travels have taken him to some of the best hotdog and hamburger locations in the US. Tuck has visited many of the most famous hotdog shops from L.A. to New York, and decided that the Midwest needed a unique hotdog and hamburger specialty shop. Hence the birth of Tucky's.

Tucky's serves two types of hotdogs. One is a Skinless Old Vienna imported from Chicago. The other is a Natural Casing Hotdog, otherwise known as a Snap Dog. We needed two types of hotdogs in order to enhance the toppings for the Division Dogs.

The toppings for our Division Dogs were specifically selected to create a memorable experience. Each flavor combination is unique to the Division Dog for which it was created. We put extensive time and research into each individual topping served at Tucky's from the perogies to the sauerkraut to the Amish coleslaw to the chili sauce. Each flavor combination is unique. All but one of the Division Dogs uses the Snap Dog. The Chicago Dog uses the Old Vienna and in order to create an authentic version, we use poppy seed buns, emerald relish and sports peppers.

Tucky's takes the time to grind our burgers from scratch. We use multiple blends of high quality steak meats to make our burger patties. We trim the fat off of the meat to ensure that our burgers are the leanest you have ever tasted. This mixture is then pressed into 1/3 lbs. patties and served on a corn-dusted Kaiser roll. Tucky's waits to cook each burger in order to preserve the juices.

The menu also includes specialty sandwiches. Tucky's serves an ultimate fried bologna on a grilled soft pretzel bun. We also have sausages from around the world: Polish, Italian and Bratwurst. For those who enjoy meatballs, we serve a meatball sub. For the meat-lover, there is the Meatatarian which is a combination of 3 meatballs and an Italian Sausage on a sub roll.

Tucky's caters to everyone's tastes. There is a Chicken Philly and Veggie Burger for those who want an alternative meat option.

Tucky's has a special condiment station where our customers can create their perfect combination from different kinds of mustards, steak sauces, ketchup, and mayo. Customers can also select unique toppings such as salsa, sour cream, jalapenos, diced onions, relishes and Tucky's sauce. Finally, customers can complete their burger, sandwiches, french fries, and sweet potato fries with over a dozen blended seasonings and turn them into fine works of art.

Our beverages and desserts are like stepping back into time. We serve handmade custard milkshakes and ice cream cookie sandwiches. Our beverage cooler contains classic root beers, cream soda, black cherry soda, and the diet versions as well.

A visit to Tucky's gives you the opportunity to experience the great tastes which are similar to the famous hotdog and hamburger specialty shops all across America.
